## Who we are:

The Idea of BMSS formed whilst in command of UKMTO after dealing with Private Security Companies who clearly had little or no Maritime expertise. We are a committed group of Seafarers who use our hard won knowledge to assist other Seafarers and Shipping Companies to try to mitigate the risk associated with all manner of Maritime Security issues.

- What we offer.
  - Training
    - By people who understand the problem
    - Formulate the countermeasure.
  - Piracy Advisors
    - People who are seafarers and understand the environment.
    - People who do not need to rely on weapons but can safely and securely use the in depth knowledge of the situation to efficiently and confidently deal with the problem
  - Impartial Advice
    - Where the safety of the seafarer is put before personal gain.
